**Feasibility Study Abstract Form****Name of Institution : De La Salle University - Dasmarinas****Address : Bagong Bayan, Dasmarinas, Cavite****Title : Smokey's Franchise****Authors : Ana Veronica V. Cornista****Charmaine M. Medina****Funding Source : Parents****Cost : P5,000****Date Started : June, 1995****Date Completed : March, 1996****Objectives of the Study :****A. GENERAL****To determine the feasibility and viability of the project.****B. SPECIFIC****To determine the different aspects of the organization of the business****: Management , marketing, technical and financial.****Scope and Delimitation :**

The proposed project will deal primarily with the operations of a Smokey's Franchise within the main campus of DLSU- Dasmarinas. The study is limited to the selling of specialty hotdogs offered by Purefoods Corporation.

**Methodology :**

The proponents made use of the regression analysis for the reason of effectiveness in the treatment of data. The study utilized secondary data like the population of students and the canteen concessionaires.

The proponents gathered all other necessary data through primary data collection, which includes interviews from canteen owners, franchisors, franchisees, students and school personnel.

**Major Findings :**

The feasibility study revealed that the findings will provide necessary information on establishing Smokey's Franchise.

**Conclusion :**

Based on the data presented in the study, the proponents concluded that the project is viable and profitable.

**Recommendation :**

The study revealed that there are people competent enough to run the business. The proponents recommend further studies be made on how to develop and control the product in terms of quality, price and features.
