DATE COMPLETED: February 2006

OBJECTIVE OF THE STUDY:

General:

This study seeks to know the role of emotional quotient among DLSU-D CSO student leaders.

Specific:

1. What is the demographic profile of the respondent, in terms of
 - a. age; and
 - b. sex
2. What is the emotional quotient level of the respondents?
3. What is the intelligence quotient level of the respondents?
4. Is the respondents' emotional quotient significantly related to intelligence quotient?

SCOPE AND DELIMITATION:

This study is about the role of emotional quotient on intelligence quotient among DLSU-D CSO student leaders. The study focused on the Council of Student Organizations (CSO).
