## **ABSTRACT**

Commemorative is about something intended to act as a memorial or as an official expression of honoring a person or an event. Commemorative book is a book where the past 25, 50 and 100-year of an organization, people or event were documented and highlight the heritage, history and past success, and also define the culture and vision for the future of an organization.

De La Salle University – Dasmariñas is offering a scholarship in various kinds of organizations where students can join and get opportunities to enhance their skills and talents. One of the most vibrant offices in the DLSU-D campus is the Office of the Student Services (OSS). Its mission is to enhance the college experience and promote success among students. The OSS supervises the delivery of services that complement the academic programs of the University towards the holistic development of students in consonance with DLSU-D's vision-mission.

P.A.G.YABONG is a Commemorative Book of the Performing Arts Group (PAG) of De La Salle University-Dasmariñas as it celebrates its 25<sup>th</sup> Anniversary. This book traces the group's history; its memorable performances, achievements, and milestones. With the collective information gathered through interviews, written journals and archives of the different groups under Performing Arts Group.

The book shows PAG's growth and success from the time it was founded during the year 1988 until its 25<sup>th</sup> year (2013). It also showcases each component organization's legacy and uniqueness.
