Abstract

This study aims to analyze the Narration of Selected Traffic Enforcers in the City of Dasmariñas. The researchers asked the cooperation of the Dasmariñas Traffic Management Bureau to provide them the necessary information needed to finish this study. The study was conducted within the vicinity of Dasmariñas with 5 participants who were chosen for their experience regarding reckless driving incidents.

The researchers formulated a letter of validation to conduct their interview with the selected traffic enforcers. After that they also formulated guide questions to obtain the necessary information for the study. The researchers then conducted their interview and they transcribed the narration of the respondents to get the essential themes necessary for the study. After the transcription, the researchers gathered all the necessary information to seek answers to their statement of the problem.
