

ABSTRACT

CAI on REED 104 (Sacraments, Marriage and Family Life) is specifically designed for Sophomore students of De La Salle University – Dasmariñas. It includes topics that deal with 7 sacraments namely: Baptism, Confirmation, Holy Eucharist, Reconciliation, Holy Matrimony, Holy Orders , and Anointing of the Sick.

The software was developed in order to benefit the students as well as teachers . The system will simulate a two-way interaction between the computer and the student wherein the selected topics in REED 104 (Sacraments, Marriage, and Family Life) will be presented in a way that students will not feel bored about the subject matter through the use of graphic-oriented programming languages. Furthermore , the software has the ability to give quizzes from time to time after each lesson is presented and the score of the student on the screen. Illustrations or graphic images are also incorporated in the presentation of the lesson for the student's better understanding of the lesson.
