

De La Salle University - Dasmariñas

Abstract

Multimedia on De La Salle University System shows important facts about the system. This includes the following: History of De La Salle University, about the Brothers of the Christian Schools, the five member schools of the system which is composed of De La Salle University, De La Salle University-Dasmariñas, De La Salle University-College of Saint Benilde, De La Salle University Health Sciences Campus, De La Salle Santiago Zobel, Life of Saint John Baptist De La Salle, Milestone(e.g. famous alumni), and other informations (e.g.about the five member schools of the system, other story of the institutions).

The Lasallian community can use this study for data gathering purposes. The main goal of the software is to make gathering of information through textual presentations, graphics, pictures, video and sound. Technology wise, it would be more appealing to the eyes and understandable to the user compared to the usual leaflets and handouts provided by the school.

In order to make the system catchy and interesting to the eye of the user, the proponents have used the Visual Basic 5.0. It permits importing files from other softwares to give a betapplication.
