

ABSTRACT

Name of Institution : De La Salle University - Dasmariñas

Address : Bagong Bayan, Dasmariñas, Cavite

Title : Mango wine Manufacturing in Barangay Langkaan, Dasmariñas, Cavite

Author/Proponent : Peleño, Romualdo C.Jr & Flores, Jerome L.

Funding Source : Parents Cost : P 12,000.00

Date Started : June 1996 Date Completed: March 1997

Objectives of the Study:

- A) General : To be able to know if it is feasible to put up a mini Mango wine plant.
- B) Specific : To be able to know the management, marketing, technical and financial aspect of the study.

Scope and Delimitation : The feasibility study was limited to these factors:

1. The area under study will be in Barangay Langkaan, Dasmariñas, Cavite.
2. The researcher limited their study on the production of mango wine.
3. The propose project made use of the four function of management namely: planning, organizing, directing and controlling.
4. The price manpower requirements, supplies, materials and equipment were based on its specification.

5. Most information collected by the researchers came from wine distiller, interview and research.

Methodology:

Barangay Langkaan Dasmariñas, Cavite is choice location of the researcher to expand the quality of products and services to be offered by the mango wine manufacturing. The Municipality of Dasmariñas, Cavite with a suburban population, is composed of seventy-four barangays and has a total population of two hundred sixty two thousand four hundred six (263,406) for the year 1996.

The proponent gathered all the necessary data of the study by the use of secondary data gathered from the census office of the said municipality. The primary data were use to determine the needs of commercial establishment for mango wine in Cavite. The proponent made use of personal interviews and close coordination with the resource person involved to strongly support this study.

Conclusion:

The study was preferable fot the commercial establishments and workers as well. The study proved beneficial to the community in term of accessibility and the services that will be offered.
