## **ABSTRACT**

Grand Villa Resort and Butterfly Centre located in the heart of Bay, Laguna thirty (30) minutes off the South Luzon Expressway. It is a 24-hectare hub designed with combined Hispanic, Balinese, and contemporary features that will take you to the best of Asian worlds and will surely make you feel at home away from home.

It is perfect for all occasions such as business seminars, conferences, receptions, and birthdays because they have the following function room that fits those events.

They also cater to a blissful and intimate exchange of vows at the Holy Family Chapel, immaculately designed to fulfill an image of a romantic wedding. For company team-buildings and for the sports enthusiasts, they will surely enjoy a pleasurable game at the Grand Villa Adventure Kamp such as: Paintball, war zone course, high-and-low rope endurance courses, and wall-climbing areas. Other part of their recreational area: billiards, videoke machines or mobile sound system, Olympic-size swimming pool, and the covered pool intended for kids. They also offer spa and massage services where they put great pride at their highly trained masseurs and tranquil spa atmosphere.

In spite of the resort's success, they still encountering problems and difficulty in managing their records and billing reports is still done manually. The proposed system would be very helpful for the company on managing their information and transactions such as monitoring the availability of rooms, availability of date and time, number of guests, reservation of facilities by the customers, issuing of official receipt and generating summary reports will be faster and easier. They will also have a website that will surely add in the promotion of their resort, they will attract and gain more customers.
